CHILDREN'S WOODEN FURNITURE

WOOHOO

Why Choosing Laminating Lumber made of Rubber wood?

1 MAKE THE MOST OF RUBBER WOOD – Rubber wood are cultivated for their natural latex sap, but they also yield high quality wood with a tight grain that can be used in a wide range of applications.

2 RUBBER WOOD IS A KIND OF HIGH DENSITY AND HEAVY TROPICAL HARDWOOD AND ITS STRENGTH IS 1.5 TIMES HIGHER THAN THE SIMILAR WOOD, WHICH COULD OFFER BETTER SAFETY TO OUR BABIES.

All of our wooden products applies the best eco-friendly EPNS water-Based wood Coating.

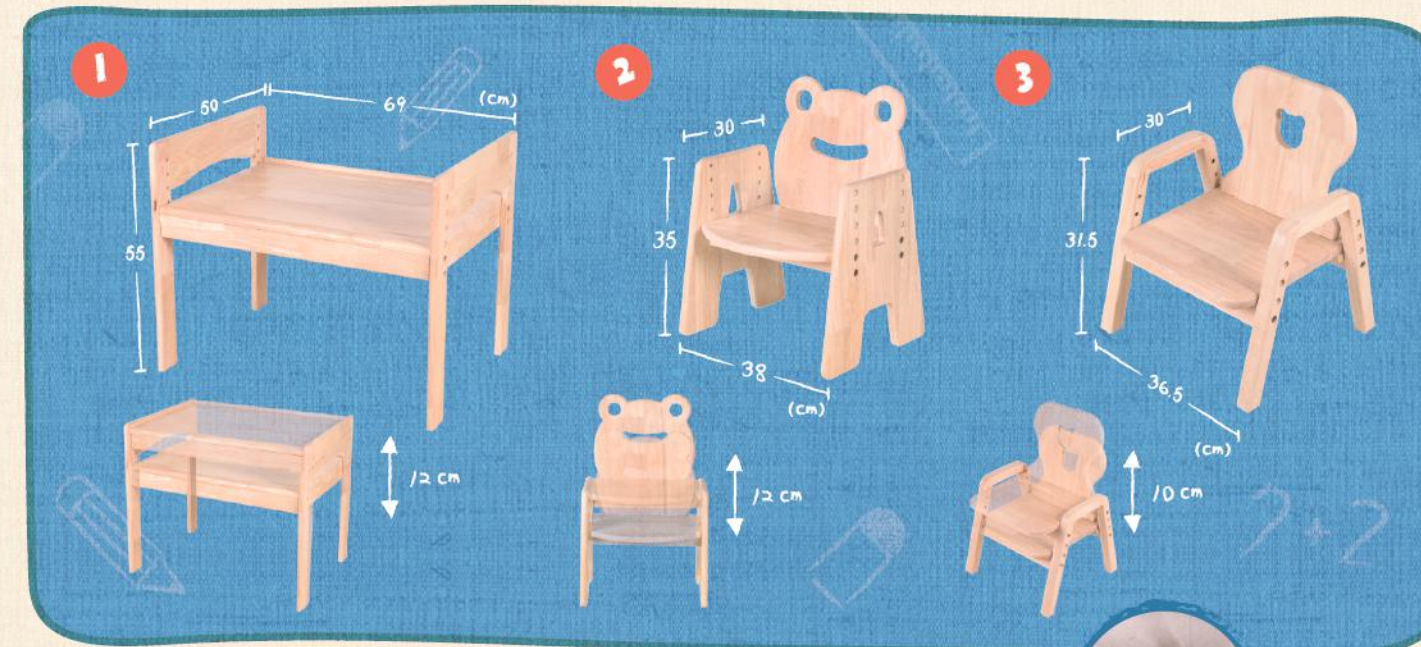

1 MOST ECO-FRIENDLY – EPNS water-based wood coating is VOC-FREE and no irritating odors.

2 HEALTHIEST – Anti-bacterial and mould proofing. Without heavy metals, formaldehyde or VOC.

3 MOST CAREFUL – Different coatings are used on different parts. For example, for the desktop, smooth coating will be used while anti-slip coating is used for the stool.

4 GREEN MATERIAL – Taiwan Green Material Certification with international safety standard
